LLANTWIT TOWN COUNCIL FOOTPATH FORUM MEETING 6th SEPTEMBER 2021
REPORT BY COUNCILOR D CROMPTON

Work has commenced on improvements to footpath FP42 in Llantwit. Tenders for work have been above estimate so it has only been possible to carry one of the proposed footpaths in Llantwit.

The footpath officer has now been able to access documents at Glamorgan Archives and the National Library of Wales. He is preparing a final report on the Definitive Map Modification Order. This will be available next week.

Outline plans for flood relief project at Llanmaes will require diversion of some footpaths. Planning permission for the flood relief scheme is required before footpath diversion notices can be progressed.

Work is in progress with Atlantic College about diversion of the coastal footpath around the college.

Crop incursions on footpaths have been dealt with in 3 ways. Where the landowner is known crops have been removed by agreement. Where a field boundary diversion is in place the field margin has been increased as necessary. Where the landowner is not known notices will be placed on the site. Good progress this year.

Nest meeting 17 January 2020 hopefully in the Heritage centre,
